

14.6.20

Dear Meerkats,

I hope you are enjoying the better weather we are having this weekend and managing to get outside to get some fresh air and exercise in this lovely sunshine.

The home learning is White Rose Maths (ignore the dates again as we are a little behind). For English you have some lovely “Talk for Writing” units of which you already have experience. I hope you enjoy them!

I have also included a great list of websites for all the different subjects in the National Curriculum. Have a browse, with the supervision of your grown-up. **You** can pick and choose whatever takes **your** fancy!

Let me know how you get on with everything over the next few weeks through Seesaw, email or telephone. *I would love to hear from each and every one of you.*

Best wishes, take care, keep safe and be happy.

Mrs Morel x
